

KIT CONTENTS

2 vertical posts

2 base knobs
(for the posts)

1 horizontal bar
with hooks

2 "T" connectors
(2 knobs per connector)

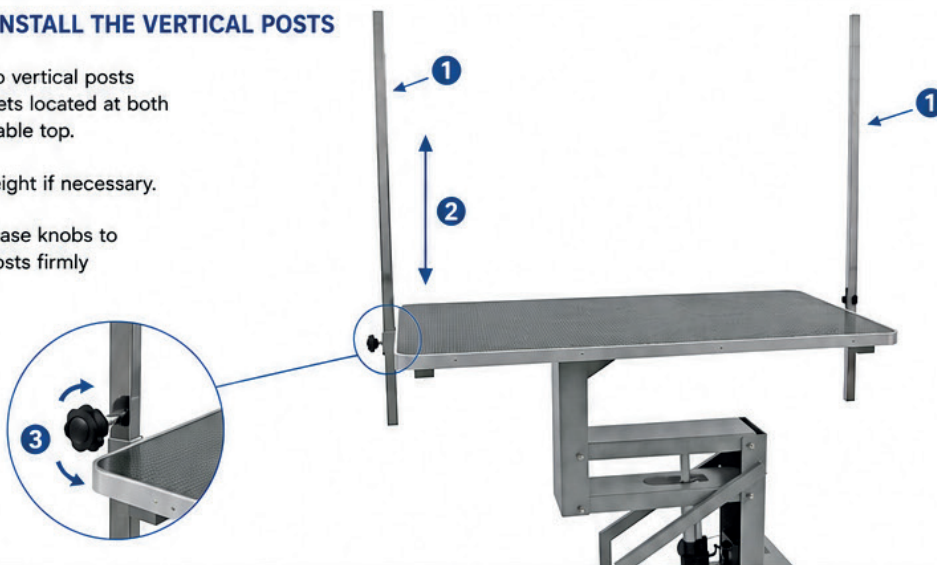

TOOLS REQUIRED

No tools required

1 STEP 1 - INSTALL THE VERTICAL POSTS

- 1 Insert the two vertical posts into the sockets located at both ends of the table top.
- 2 Adjust the height if necessary.
- 3 Tighten the base knobs to secure the posts firmly in place.

2 STEP 2 - PREPARE THE HORIZONTAL BAR

- 1 Slide the two "T" connectors onto the horizontal bar with hooks.
- 2 Position the knobs so they can be tightened easily once the assembly is in place.

3 STEP 3 - ASSEMBLE THE GROOMING ARM

- 1 Place the horizontal bar above the two vertical posts.
- 2 Slide each "T" connector down onto each post.
- 3 Adjust the horizontal bar to the desired height.
- 4 Tighten the four knobs on the "T" connectors to lock the assembly securely in place.

CHECKS BEFORE USE

- ✓ Make sure all knobs are tightened securely.
- ✓ Ensure the vertical posts are perfectly vertical.
- ✓ Check that the horizontal bar is completely stable.
- ✓ Make sure the attachment hooks are facing toward the inside of the table to make it easier to install the straps.

WARNING

Before each use, check that all parts of the grooming arm are properly tightened to ensure safe use.
